## Research Study

Do you have, or are you at high risk for, cardiovascular disease (CVD; also known as heart disease)?

You may be eligible for a clinical research study being conducted to test the safety and effectiveness of an investigational medication for patients with, or at risk for CVD.

To qualify you must:

- be at least 18 years of age,
- have a history of, or are at high risk for, CVD,
- be statin intolerant
- meet additional study criteria.

Qualified participants will receive all study medication and study-related care from a dedicated team of medical staff at no cost.

Health insurance is not required to participate.
